

INVESTMENT OBJECTIVES & STRATEGIES

The Ocean Park Strategic Income Program seeks to achieve satisfactory Total Return – income and capital appreciation – over each market cycle, while limiting drawdowns, an approach that has in recent years been called absolute return. It is a globally diversified strategy, with asset allocation tactically adjusted to reflect changes in the economic and market cycles. The Program invests in a diverse selection of mutual funds to access a wide range of income-oriented asset classes. A stop is placed under each holding that rises as its price rises, and the holding is sold when price declines below the stop to limit drawdowns even during periods of severe market declines. There are no set proportions or limits for the Program’s allocations.

‡ The performance shown reflects a fee rate of 2.40% per year through 12/31/2016, then 2.03% thereafter. The fee reductions represent the Sierra Mutual Funds fee offset credit, which equals the management fees paid to an affiliate of Ocean Park for those fractions of the account. Fees are lower for households with more than \$500,000 at Ocean Park.

From 1/1/2012 to 3/31/2013, the source of the performance data shown was from a marker SMA account invested in the Strategic Income Program but managed by an affiliate of Ocean Park. From 4/1/2013 to 12/31/2017, the source of the performance data shown was from an SMA marker account invested in the Strategic Income Program and managed by Ocean Park. Effective 1/1/2018, the source of the performance data shown is from a composite of SMA accounts invested in the Strategic Income Program and managed by Ocean Park.

The SMA marker accounts and the composite have been allocated up to 50% to a mutual fund managed by an affiliate of Ocean Park since 1/1/2017. The Strategic Income Program may also have been allocated up to 50% to a mutual fund managed by an affiliate of Ocean Park since that date.
