

Ocean Park Asset Management, Inc. Form ADV Part 3 CRS – March 2023

Item 1: Introduction

Ocean Park Asset Management, Inc. is registered with the Securities and Exchange Commission as an Investment Adviser.

Is an Investment Advisory Account Right for You?

There are different ways you can get help with your investments. You should carefully consider which types of accounts and services are right for you. **We are an investment adviser and provide advisory accounts and services rather than brokerage accounts and services.** This document gives you a summary of the types of services we provide and how you pay. Please ask us for more information. There are some suggested questions listed below.

Brokerage and investment advisory services and fees differ, and it is important for you to understand the differences. The SEC offers free and simple tools to research firms and financial professionals at Investor.gov/CRS which has information to educate retail investors about financial professionals.

Item 2: Relationships and Services

What investment services and advice can you provide me?

Our firm offers investment advisory services on a regular basis to retail investors who are clients of, or who are introduced to us by, unaffiliated financial advisors and broker dealers for a quarterly management fee, which is shared with the financial advisor or broker, or his/her firm.

Our firm provides portfolio management on a *discretionary basis*. When you invest on a *discretionary basis*, our firm will buy and sell investments in your accounts without requiring your pre-approval. Your account is monitored every business day as part of our standard service. Although you grant us a limited power of attorney to execute buy and sell transactions in your account, you can choose to opt out of any specific asset class or mutual fund with reason.

Our firm provides models to various Turnkey Asset Management Programs (TAMP). We do not effect trades, or have discretion over investor accounts, for investors using our models through these TAMPs.

Our investment management service covers a limited selection of investments using only no-load, load-waived and institutional class shares of publicly traded mutual funds. Other firms could provide advice on a wider range of choices some of which may have lower costs. Quarterly, Ocean Park mails to you a current account position report of the holdings, number of shares, price per share and total value for each position and a statement showing the calculation of your management fee.

For additional information including types of investment programs and minimum amount required to open an account, please see oceanparkam.com or <https://www.adviserinfo.sec.gov/IAPD/default.aspx> for our Form ADV, 2A Brochure.

Conversation starters. *Ask your financial professional:*

- *Given my financial situation, should I choose an investment advisory service? Why or why not?*
- *How will you choose investments to recommend to me?*
- *What is your relevant experience, including your licenses, education and other qualifications? What do these qualifications mean?*

Item 3: Fees, Costs, Conflicts and Standard of Conduct

What fees will I pay?

Our fees are assessed quarterly and are disclosed in our Form ADV Part 1A, Item 5.E and more fully described in our Form ADV Part 2A. Some fees create a conflict of interest as described below and in our Firm's ADV Part 2A.

Our firm charges asset-based fees, therefore more assets in the account will cause you to pay more in fees and thus we may have an incentive to encourage you to increase the amount of money invested in those accounts. However, our schedule of discounted fee rates can reduce the marginal rates charged once certain breakpoints are met.

Your account may hold shares of one or more of our proprietary Sierra mutual funds. If so, you will receive a fee offset credit for the fund's management fee, for that fraction of your Ocean Park account, so that you are not paying our investment management fee twice.

On occasion, you may incur a short-term redemption fee debited directly from your account.

Additional Information: You will pay fees and costs whether you make or lose money on your investments. Fees will reduce any amount of money you make on your investments over time. Please make sure you understand what fees you are paying. For more detailed information about our fees and costs please review our Form ADV, Part 2A Brochure which can be found at oceanparkam.com or <https://www.adviserinfo.sec.gov/IAPD/default.aspx>.

Conversation starters. Ask your financial professional:

- *Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?*

What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?

When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. One example of this potential conflict is that Ocean Park includes proprietary mutual funds within some of our programs and has a financial interest in these products. However, the Sierra mutual funds' fee offset credit is applied to your quarterly investment management fee to offset that expense and help mitigate that conflict of interest.

Conversation starters. Ask your financial professional:

- *How might your conflicts of interest affect me, and how will you address them?*

Additional information: For more detailed information about our fees and costs please review our Form ADV, Part 2A Brochure which can be found at oceanparkam.com or <https://www.adviserinfo.sec.gov/IAPD/default.aspx>.

How do your financial professionals make money?

Our financial professionals earn a salary and receive an annual bonus based on their job performance and the discretion of the owners. Our sales professionals earn a salary and incentive compensation based on the gross sales of Ocean Park and Wright Fund Management, LLC products to unaffiliated investment advisers and broker dealers.

Item 4: Disciplinary History

Do you or your financial professionals have legal or disciplinary history?

Neither our firm nor any of our financial professionals have any disciplinary history. Visit investor.gov/CRS for a free and simple search tool to research our firm and our financial professionals.

Conversation Starters. Ask your financial professional:

- *As a financial professional, do you have any disciplinary history? For what type of conduct?*

Item 5: Additional Information

You can find additional information and request a copy of this Client Relationship Summary at oceanparkam.com, by emailing info@oceanparkam.com, or calling 310/452-1887 or 800/729-1467.

Conversation starters. Ask your financial professional:

- *Who is my primary contact person? Is he or she a representative of an investment adviser or a broker-dealer? Who can I talk to if I have concerns about how this person is treating me?*

Ocean Park Asset Management, Inc. Form ADV Part 3 CRS – March 2023
